

Team 12

Project Title: Instructional Dashboard for Learning Networks

Date: 10/31/21

Members:

- Sam Reinart – Front-end lead
- Tyler O’Hare - Security Lead
- Josh Caplinger- Team Organization
- Steven Ehler - Component design
- Brett Bethke - Client interaction
- James Carter - Testing Lead
- Nick Matthews - Backend Lead

What we’ve accomplished in the past week/what we’ve been researching

- Sam Reinart – Got VM created started working on installing Canvas LMS on it.
- Tyler O’hare- Research on Canvas LMS.
- Josh Caplinger - Set team goals for project and rest of semester, working on shiny.
- Steven Ehler - found resources for creating practice app
- Brett Bethke - continued working with Shiny.
- James Carter - Project planning, looking more into the items which are necessary for project goals.
- Nick Matthews - Assisted setting up VM and Canvas LMS

What we’re planning to do in the coming week

- Sam Reinart – Continue trying to install Canvas LMS (asking the ETG about it).
- Tyler O’hare- Research tools for connecting Canvas LMS with shiny app.
- Josh Caplinger - VM and node server setup
- Steven Ehler - finish practice app
- Brett Bethke - continue with Shiny.
- James Carter - Continue VM setup.

-Nick Matthews -Continue setting up VM

Issues we had in the previous week

-Sam Reinart – Had some troubles getting Canvas LMS installed but working through it.

-Tyler O'hare- none.

-Josh Caplinger - none.

-Steven Ehler - Apt. maintenance and illness meant very little time

-Brett Bethke - none.

-James Carter - none.

-Nick Matthews - Not enough power on VM. Had to re-request
